To Effectively Learn Your Addition facts, Use the "1, 2, 3, 4 approach" for each Number:

- | | | | |
|--------------------|--------------------|--|------------------------------|
| 1. Build it | 2. Write it | 3. Play/Sing - Get Creative with it | 4. Just Say the Facts |
|--------------------|--------------------|--|------------------------------|

A. Pick the Desired Number and Practice the Row of Facts Across using the "1, 2, 3, 4 Approach"
 (Example: The 0 facts are shown for you going down & Across)

When You're Done with that Row of Facts:

B. Practice the Related Column of Facts for the Same Number using the "1, 2, 3, 4 Approach"
